

The LSE is proud to announce the hosting of the 10th Anniversary Inter-University Graduate Conference: Culture, Cognition and Construction, May 22-23 2009, in collaboration with Cambridge University.

The Conference has traditionally supported the integration of diverse viewpoints across the social science disciplines. As the title suggests, this year's event focuses on the cultivation of synergy between constructionist and cognitivist perspectives in the social sciences.

You are invited to submit abstracts of no longer than 250 words to lsecamconf AT psych.lse.ac.uk. See attached poster for further details or visit our [website](#).
