

[Robert Kurzban](#) (University of Pennsylvania) has launched his new [blog](#). He comments (almost daily!) on articles, news and books related to evolutionary psychology. You may learn [the many errors in Buller's recent article against Evolutionary psychology](#), [where to publish evolutionary psychology](#), or [why we always locate our bed in the same place in a room](#). A must-read if you are interested in the origins of our many cognitive abilities!
